PROFESSIONAL SUMMARY

HNDIT student at SLIATE seeking an industrial training opportunity, with hands-on experience developing full-stack web applications and desktop software using React, Node.js, Express.js, MongoDB, PHP, Java, and .NET. Experienced in implementing application features, integrating databases, developing RESTful APIs, debugging software issues, testing application functionality, and deploying web applications through academic and personal projects. Familiar with software development practices, including application design, implementation, testing, and deployment.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, PHP, C#
- **Frontend:** React, HTML5, CSS3, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Tools and Technologies:** Git, GitHub, Postman, VS Code, Cloudinary, Vercel, NetBeans, Microsoft Visual Studio 2015, XAMPP
- **Desktop Development:** C# Windows Forms, .NET Framework

PROJECTS

CareerHub – MERN Stack Job Portal

React, Node.js, Express.js, MongoDB, Tailwind CSS, JWT

- Developed a role-based job portal for Job Seekers, Employers, and Administrators.
- Implemented authentication using JWT and built features for job posting, application tracking, and resume uploads.
- Developed RESTful APIs using Node.js and Express.js and integrated MongoDB through Mongoose for application data management.
- Designed a responsive interface using React and Tailwind CSS.
- Deployed the application on Vercel.
- GitHub: github.com/fashfa026-ctrl/jobportal | Live Demo: jobportal-5b93.vercel.app

Food Frenzy – Fast Food Restaurant POS and Billing Application

C#, .NET Framework, Windows Forms, Microsoft Visual Studio 2015

- Developed a Windows Forms desktop application to support fast-food order billing through categorized menu selection and quantity management.
- Implemented order billing functionality to process selected items and quantities and determine customer change based on payment received.
- Added a receipt generation feature to format and display transaction details and order summaries upon order completion.

Hotel Management System

Java, Spring Boot, MySQL, Java Swing

- Developed a desktop-based hotel management system to streamline room management, customer check-in/check-out, authentication, and billing.
- Designed relational database structures in MySQL and implemented CRUD operations for customer and room records.

Ice Cream Shop Web Application

PHP, MySQL, PDO, HTML, CSS, JavaScript, XAMPP

- Developed a multi-page e-commerce web application with customer product browsing and administrator management interfaces.
- Used PHP and MySQL for database connectivity, data handling, and product management.
- Implemented backend form handling and improved JavaScript functionality, including Swiper carousels, password visibility toggles, and form error handling.
- Configured the application database and server environment to run locally using XAMPP with Apache and MySQL.

EDUCATION

- Advanced Technological Institute, Dehiwala (SLIATE) 2024–2027 (Expected)
  Higher National Diploma in Information Technology (HNDIT)

- Kekunugolla National School, Kurunegala 2022
  G.C.E. Advanced Level – Combined Mathematics Stream
  Mathematics: C Physics: S Chemistry: S

- Enasal Golla Central College 2019
  G.C.E. Ordinary Level
  6A, 3B
  English: A Maths: A

LANGUAGES

- Tamil - Fluent
- English - Working Proficiency
- Sinhala - Basic
